

Operating Record – Notice of History of Construction
Addendum
Cayuga Generating Station
CCR Units: Secondary Ash Settling Pond

Pursuant to 40 C.F.R. § 257.73(c)(2), if there is a significant change to any information compiled under paragraph (c)(1) of section 257.73, the owner or operator of the CCR unit must update the relevant information and place it in the facility's operating record. A *History of Construction* was last updated with relevant information on October 11, 2016. Since that time, all CCR in the unit and any areas affected by releases from the unit have been removed in accordance with 40 C.F.R. § 257.102(c). Upon completion of the remedy selected under 40 C.F.R. § 257.97, pursuant to 40 C.F.R. § 257.98(e), a certification will be completed by a qualified professional engineer attesting that the remedy has been completed in compliance with the requirements paragraph (c) of 40 C.F.R. § 257.98.
